Curriculum Feedback
Analysis & Action Taken
Report 2021-2022

Feedback Analysis

The Feedback Analysis Committee of the institution designs and collects feedback from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected online in the end of academic section from students, Parents, Alumni and Parents on several aspects of curriculum and its learning related issues in terms of quality, competence, skills and professionalism. This feedback also considers other issues like delivery of curriculum by teachers. The report of feedback analysis is submitted to Principal of College and IQAC for necessary action and thereafter the analysis is shared with all constituent colleges, heads and they are instructed to take necessary measures and actions as to comply with the issues raised by the learners.

IQAC makes it a tradition to mandatorily collect feedback from stakeholders- students, teachers, parents, alumni and employers. This is done by the feedback committee. It collects and analyse the feedbacks from different stakeholders and submit action taken report to the appropriate bodies.

Methodology:

- The Feedback on curriculum is collected from students by circulating the Feedback Forms. It is collected by feedback committee and submitted to IQAC to deliberate on various suggestions made by the stake holders
- 2) The feedback committee holds meeting at the end of the academic year to discuss on the various suggestions and prepare action taken report.
- 3) The action taken report will be circulated among the staff members through the IQAC and a copy of the same report is submitted to SQAC.
