Response to the QlM

2.6.2: Attainment of POs and COs are evaluated.

Undergraduate programmes are offered by the institution in the faculties of Humanities, Commerce & Management and Science & Technology. The institution also offers post-graduate program in Commerce and Management. These courses for these programmes adhere to the curricula set forth by Sant Gadge Baba Amravati University, Amravati. Throughout the course of their selected programme, the students pick up knowledge and skills that bring out the best in them and help them build a brighter future for themselves as well as contribute to the advancement of society and the nation.

Students' performance is evaluated and assessed to determine whether programme and course outcomes have been met through internal and external assessment, placement, advancement to higher education, and skill development.

Journal completion, on-time assignment submission, seminar presentations, unit exams, tutorials, and quizzes are all considered in the internal evaluation process. Faculty members constantly evaluate students based on these standards and give them the chance to perform better. The achievement of the above aims is aided by students' involvement in competitions, seminars, and other events. The methods for internal and external assessment undoubtedly form a method of evaluation. Academic performance is evaluated through an external assessment. Meritorious Students are honored at the college on Republic Day and are awarded with prizes for their achievements in various competitions organized by the college.

Academic audits of departments include a detailed assessment and analysis of university results, which are then analysed in staff meetings and by the College Development Committee.

Program and course outcomes are also evaluated by means of student feedback.

Number of students progressing to higher education i.e. UG to PG also forms the other parameter to gauge the student progression and attainment of POs. Few students also appear for various government-conducted examinations. Many of our pupils every year get selected into Police Service and Defence Forces, Maharshtra Security Force, Border Security Force. The number of students working in many private entities is also considerable. Few of them venture into self-employment and have set up small scale businesses.

Following are the parameters for determining the level of attainment:

Sr. No.	Pass Percentage	Attainment Level
1.	25 to 50	Average
2.	51 to 65	Good
3.	66 to 75	Best
4.	≥76	Outstanding
