About the College:**Shri Shivaji Arts, Commerce and Science College, Motala**

Arts & Commerce College was established in 1990 under the since reguidance of a great visionary, academician and first agriculture central minister of independent India Dr.Panjabrao alias Bhausahab Deshmukh. In the beginning it was providing only for maleducation in the faculty of Arts and Commerce. With the view to the importance of science and technology, the faculty of science was intròduced in 2009 and in the same year the name of Arts and Commerce College was changed as Shri Shivaji Arts, Commerce and Science College Motala. Since the inception of science stream we started continuously taking serious

efforts to provide education through science faculty to the poor and deprived students. It has very competent teaching staff in all departments as well as well-equipped science laboratories, computer department and rich and Central library, very beautiful neat and clean campus, women hostel, well developed oxygen park, botanical garden and 200m track for morning Walkers. Thus NCC and NSS unit which imparting the sense of social responsibility among all the students and also having Y.C.M.O.U. center. It always attempts to provide quality education to the students who are coming from all walks of life. Today it is the premier and multi-faculty educational center affiliated to Sant Gadge Baba Amravati University, Amravati.

About Social Forestry, Motala Division –Buldhana

The main meaning of social forestry is the program run by the people, for the people, by the people "Social forestry " means planting fruit trees in the vacant places, which will protect the environment as well as increase employment in rural areas. National Agriculture Commission coined the term social forestry in 1976 for a program to plant trees that supplied fuel, fodder wood and minor forest products. In this regard, as much misuse of social forestry has been done, hardly anyone else would have done it.

The National Commission on Agriculture has divided social forestry into three categories – urban forestry, rural forestry and farm forestry. Social forestry programs can be helpful in solving many problems in rural areas. Because, under this program along with the production of food grains, timber and fruits can also be produced from the same farm. Whereas climate change as the current global problem is affecting the rural life and poor sections the most, social forestry program can prove to be an important tool in reducing their ill effects.

Forest Management

Amravati Territorial Circle includes Amravati, East Melghat, West Melghat and Buldhana Division. In 1964 old Buldhana Division was divided into Akola and Buldhana Division. Now, area of Buldhana Division is limited to district boundary of Buldhana District. For protection and conservation of wild life wild life divisions like Gugamal Wildlife, Melghat tiger Project, Wan Sanctuary etc. established in the Amravati District. Similarly Narnala WL in Akola District and Nyanganga WL, Ambabarwa WL in Buldhana District are established. The management of these wild life divisions is done by their respective Conservator of Forests (Wild life).

Collaboration

SSACSCM and SFM have mutually agreed to collaborate with each other in following areas.

1. Extending Talent search and promotion of rural youths to undertake specialized higher studies with a focus on occupational/professional/vocational skills so as to provide work ready human resource to the local/ regional industries.

Memorandum of Understanding

Stands agreed from

July 2021

Between

Department of Physics

Shri Shivaji Arts, Commerce & Science College, Motala,

Dist. Buldana

(Here after referred as SSCM)

Affiliated to Sant Gadge Baba Amravati University, Amravati.

And

Department of Physics,

Shri Shivaji Arts, Commerce & Science College, Akot,

Dist. Akola

(Here after referred as SSCA)

Affiliated to Sant Gadge Baba Amravati University, Amravati.

Preamble:

It is the need of the hour to work in collaboration to achieve and maintain education and research standards in any institute. The individual academicians from SSCM and SSCA should join hands in academics and research. This would help to increase the academic standards and students' quality. This also helps in tackling particularly the local problems and collaboration results in sustainable development of the area.

About the College:**Shri Shivaji Arts, Commerce & Science College, Motala**

Arts & Commerce College, Motala was established in 1990. It is run by the Shri Shivaji Education Society, Amravati that had a great visionary, academician and the first Central Minister of Agriculture of independent India Dr. Panjabrao alias Bhausaheb Deshmukh as its founder president. Initially the college provided education on in the streams of arts and commerce. With increasing importance of science and technology, faculty of science was introduced in 2009 and in the same year the name Arts and Commerce College, Motala was changed to 'Shri Shivaji Arts, Commerce and Science College, Motala'. Since the inception of science stream, continuous and serious efforts were taken to provide education in science to poor and deprived students. It has very competent teaching staff in all departments as well as well equipped science laboratories and computer department. It also boasts of a Central library; a beautiful, neat and clean campus, woman hostel, well developed oxygen park, botanical garden and 200m track for walkers/runners. The college also comprises of NCC and NSS units which impart a sense of social responsibility among the students. The college also has a Y.C.M.O.U. center. It attempts to provide quality

education to students who come from all walks of the life. Today it is one of the premier and multi-faculty educational centers affiliated to Sant Gadge Baba Amravati University, Amravati

Shri Shivaji Arts, Commerce & Science College, Akot, Dist. Akola

The college was established out of a very imaginative activity of social workers and cotton-market members. Amongst them were late. President Pundlikrao Choudhari, Late Dr. J. N. Korpe and Late B. B. Bhende. Akot taluka is famous for cotton production. During 1960, above six thousand cotton loaded bullock-carts were brought by farmers in market. Above members requested each farmer to donate one rupee per cart and farmers who were starving for higher education also responded to the mission enthusiastically and collected 3 lakh rupees and donated it to the society. Dr. J.N.Korpe generously donated the building of freedom fighter Shri Govindsingh Killedar which was owned by Janpad sabha. He also donated Rs. 10,000/- to begin the college.

Thus the faculty of Arts began in 1960, Commerce in 1962 and Science in 1980. Since 1960 the college has received ample response from society and made rapid progress in education field. Today the college has Arts, Commerce and Science faculties with Junior college and M.C.V.C. Arts faculty. It also has Post Graduation in Marathi, English and Economics.

Teaching staff of the college is efficient and studious, working with zeal for brightening the academic career of the students. Well-equipped laboratories are the major assets of the college. The college has a spacious ground for the games and sport activities as well as a large auditorium for the cultural and educational activities. The ecofriendly and large premises with flora and fauna add to the beauty of the college

and makes it a worthy place for learning. N. S. S. and N. C. C. units take efforts for overall personality development of the students and keep them attached with the society. A rich library is the soul of the college and so our college has a rich and well facilitated library to pacify the thirst for knowledge. The college with all its potential and capacity strives for the welfare of the students and provide them quality education to make them able to face the challenges of the new globalised world.

Preamble :

It is the need of the hour to work in collaboration to achieve and maintain the Education and Research standards in any institute. The individual academicians from SSACASC and ASPIRE Should join their hands in academic and research. This would help to increase the academic standards and students' quality. This also helps in tackling particularly the local problems and work together for the sustainable development of the area.

About the College:**Shri Shivaji Arts Commerce And Science College Motala**

Arts & Commerce was established in 1990 under the since reguidance of a great visionary, academician and first a griculture central minister of independent India Dr.Panjabrao alias Bhausahab Deshmukh. In the beginning it was providing only for maleducation in the faculty of Arts and Commerce. With the view to the importance of science and technology,the faculty of science was introduced in 2009 and in the same year the name of Arts and Commerce college was changed as Shri Shivaji Arts, Commerce and Science College Motala. Since the inception of science stream we started continuously taking serious efforts to provide education through science faculty to the poor and deprived students.It has very competent teaching staffin all departments as well as well equipped science laboratories, computer department and richand Central library, very beautiful neat and clean campus, women hostel,well developed oxygen park, botanical garden and 200m track for morning Walkers. thas NCC and NSS unit which imparting the sense of social responsibility among all the students and also having Y.C.M.O.U. centre.It always attempts to provide quality education to the students who are coming from all walks of life. Today it is the premier and multi-faculty educational center affiliated to Sant Gadge Baba Amravati University, Amravati

ASPIRE

It was established in 2009. It presents one of kind quality training and training methods that helps students to develop personal and professional lives. Aspire is bringing the revolution in the education system, because non academics were never treated important and got no value such as academics. At the time Aspire proved to this nation that non academic education is equally important. A single course appeared at Aspire makes students believe in themselves. After attending the various

courses at Aspire many ordinary turned into extra ordinary. Many have gotten jobs, started businesses and flown out of India for the great opportunities. It started with just 16 students and in these 11 years 65,000 students have been trained so far. Aspire organizes various pep talks to spread the positivity and motivation around. Aspire has designed all the 52 courses with the combination of life education which teaches students manners, politeness, humanity and kindness. Aspire is the only institute in the world to organize "ARISE" the language and thoughts enrichment camp. It's a residential camp for 3 days for the language learners. "MEET YOURSELF" is the International workshop designed by Aspire. It has been 6 years to organize it in countries like Singapore, Thailand, Malaysia, U.A.E. & Qatar. For giving language training international faculties from South Africa, Canada, Thailand, Singapore, Germany visited and these international faculties keep visiting Aspire TIHD India. At Aspire learning has no age limit to study any course. People come from various cities, states and countries to study at Aspire. Aspire is known as the University of Life.

PROPOSAL FOR
DIPLOMA COURSE ON INFORMATION TECHNOLOGY AND WEB
DESIGNING

Aim:

To develop basic understanding of information technology and web designing and develop skills applicable for commercial purposes.

Introduction:

Humans have been storing, retrieving, manipulating, and communicating information since the Sumerians in Mesopotamia developed writing in about 3000 BC, but the term information technology in its modern sense first appeared in a 1958 article published in the Harvard Business Review; authors Harold J. Leavitt and Thomas L. Whisler commented that "the new technology does not yet have a single established name. We shall call it information technology (IT)." Their definition consists of three categories: techniques for processing, the application of statistical and mathematical methods to decision-making, and the simulation of higher-order thinking through computer programs.

Information technology (IT) is the use of computers to store, retrieve, transmit, and manipulate data or information. IT is typically used within the context of business operations as opposed to personal or entertainment technologies. IT is considered to be a subset of information and communications technology (ICT). An **information technology system (IT system)** is generally an information system, a communications system or, more specifically speaking, a computer system – including all hardware, software and peripheral equipment – operated by a limited group of users.

Web designing refers to the design of websites that are displayed on the internet. It usually refers to the user experience aspects of website development rather than software development. Web design used to be focused on designing websites for desktop browsers; however, since the mid-2010s, design for mobile and tablet browsers has become ever-increasingly important.

A web designer works on the appearance, layout, and, in some cases, content of a website. Appearance, for instance, relates to the colors, font, and images used. Layout refers to how information is structured and categorized. A good web design is easy to use, aesthetically pleasing, and suits the user group and brand of the website. Many webpages are designed with a focus on simplicity, so that no extraneous information and functionality that might distract or confuse users appears. As the keystone of a web designer's output is a site that wins and fosters the trust of the target audience, removing as many potential points of user frustration as possible is a critical consideration.

Objectives:

This course aims at following objectives:

- To give applied knowledge based on computer hardware, software, internet and basic entrepreneurship development.
- Acquiring knowledge on recent technologies will stimulate youth to develop more ventures in the IT industry.
- Create employment opportunity amongst rural youth.
- To acquaint the students about the essential infrastructure and mode of operations.
- To expose youth to the Hi-Tech practices and key schemes implemented by the Directorate of Information Technology (DIT), Maharashtra and Ministry of Electronics and Information Technology, Government of India.

PROPOSAL FOR CERTIFICATE COURSE ON ORGANIC FARMING

Aim:

To develop the basic understanding of principles of “organic farming” and also develop skills require to run a small scale commercial industry.

Introduction:

India is an agriculture dominated country. ‘Organic farming’ is a exclusive production management system which promotes and enhances agro-ecosystem health, including biodiversity, biological cycles and soil biological activity, and this is accomplished by using on-farm agronomic, biological and mechanical methods in elimination of all synthetic off-farm inputs. Organic farming is a production system that withstands the health of soils, ecosystems and people. It relies on ecological processes, biodiversity and cycles adapted to native conditions, rather than the use of inputs with adverse effects.

Organic farming system in India is old methods since thousands of years. In the traditional organic-based food production system, the entire agriculture was practiced using organic techniques, where the pesticides, fertilizers, etc., were obtained from plant and animal products. The

organic movement today is a renovation measure in the sense that it seeks to restore balance that was lost when technology grew rapidly in some past decades. The organic movement began by Rudolf Steiner in the middle of 1920s in Central Europe through the hard effort. Rudolf Steiner created bio dynamic agriculture, which is an earliest version of organic farming. Modern organic farming has made up only a fraction of total agricultural output from its beginning until now. Increasing environmental awareness in the general public has transformed the originally supply-driven movement to a demand-driven one. Government subsidies and premium prices attracted farmers towards the organic farming.

Objectives:

This course aims to develop following objectives

- ❖ To give applied Knowledge Organic farming and basic entrepreneurship development.
- ❖ Acquired knowledge on recent Organic Farming methodologies will stimulate youth to create more ventures in the field of Agriculture.
- ❖ Will create employment opportunity to rural youth and to promote modern organic Agricultural practices.
- ❖ To utilize Existing infrastructure available at Organic Farming Training Centers, Centre of Excellence in Agriculture Farms.
- ❖ To expose the youth to Hi tech Organic Agriculture practices, Subsidies and the key schemes implemented by the Department of Agriculture and Plantation Crops.
- ❖ To outline measures to discourage use of artificial fertilizers and pesticides and gradually substitute plant nutrients by organic manures and fertilizers as well as to control diseases and insect pests by biological means.

Justification:

The main problem of unemployment in the present situation can only be alleviated with self-employment. Most of the graduate students remains jobless due to lack of awareness about the right vocational training and job opportunities. So there is a need for skill development to create employable youth. To help them find well playing job opportunities. There is a lot of areas in agriculture to take up an enterprise and one of it is organic farming. The health of individuals and communities interlinked with health of ecosystems. Healthy soils produce healthy crops that foster the health of animals and people. This course aims to give applied knowledge on basic understanding of organic farming and to develop technical skill to start small scale business.

REPORT ON

“One Day Workshop on Nursery Management and Vermicomposting”

Introduction:

First of all, we are very much gratified and extend our sincere thanks and immense pleasure for our respected Hon'ble Principal Dr. S. W. Mamalkar for granted the permission for the “One Day Workshop on Nursery Management and Vermicomposting”.

Nursery Management is the sum of the activities performed for the successful production, care and marketing of different planting materials in different nursery section. Nursery saves considerable time for the raising of the next crop. Vermicomposting is a method of composting that uses worms to break down food waste into nutrient rich soil. It is widely used as bio fertilisers in organic farming and sewage treatment plants.

The workshop was organised by Department of Botany, Shri Shivaji Arts, Commerce & Science College, Motala Dist.-Buldana (M.S.) on dated 15 December 2021. The topic of workshop was ‘Nursery Management and Vermicomposting’.

Aim and Objective:

- Vermicomposting is an eco-friendly process that recycles organic waste into compost and produces valuable nutrients.
- To supply elite planting material of the highest possible quality for establishment of new orchards.
- Vermicomposting is a process that involves chemical, physical and biological transformations of solid organic materials through the use of worms and microorganisms.
- In nursery, grow plant in an open environment, maintain a good quality of plants and protect the plants from pests and diseases

Description:

The workshop was inaugurated by the auspicious hand of Dr Sunil W. Mamalkar (Principal) dated on 15 December 2021. Vermicomposting and nursery management topic choose for workshop because both Topics are essential for sustainable development for nature. The workshop was organised in two sessions. In first session, Mr. Vikas G. Jadhao was give valuable guidance on ‘Vermicomposting and nursery management. In second session, it is a technical session in which he gave practical guidance.

In valedictory function, Dr Mamalkar (Principal) giving valuable guidance to students and appeal the students for prepare and used vermicompost. The nursery is a golden opportunity in our rural area. Introductory speech given by Dr P. A. Theng (Coordinator) and Vote of thanks expressed by Prof. Shubham Sakhare.

For this workshop, Chief guest was Prof. Nanda Maskar, and IQAC Co-ordinator Prof. Meherkar were present. Activity Report On Online Workshop on “Organic Farming: Towards Sustainability”

Introduction:

Organic farming is a farming method that involves growing and nurturing crops without the use of synthetic based fertilizers and pesticides. This process involves the use of biological materials, avoiding synthetic substances to maintain soil fertility and ecological balance thereby minimizing pollution and wastage.

We run the certificate course on Organic farming, so we organized workshop on topic “Organic Farming: Towards Sustainability” was organized on dated 30 August 2021.

Aims and Objectives:

- To aware about benefits of Organic farming to environment.
- To raise awareness about the need of Organic farming.
- To increases the fertility of the soil without creating any inflection like conventional farming techniques.
- To maintenance of essential ecological processes and life-support systems.
- To protect and maintain long-term forest soil productivity.

Event Description:

Due to effect of COVID-19 pandemic, our department of Botany in collaboration with IQAC was organized one day online workshop on topic “Organic Farming: Towards Sustainability” on dated 30 August 2021. Mr. Vokas Jadhao, Senior Scientist, Krushi Vigyan Kendra Phase I, Jalgaon Jamod Dist. Activity Report On

National Webinar on “Organic Farming: Principle and Scope”

Introduction:

Organic farming is a method of crop and livestock production that involves much more than choosing not to use pesticides, fertilizers, genetically modified organisms, antibiotics and growth hormones. Organic farming, also known as ecological farming or biological farming, is an agricultural system that uses fertilizers of organic origin such as compost manure, green manure, and bone meal and places emphasis on techniques such as crop rotation and companion planting. In organic farming, no expensive fertilizers, pesticides, or HYV seeds are required for the plantation of crops. Therefore, there is no extra expense.

We run the certificate course on Organic farming, so we organized National webinar on “Organic Farming: Principle and Scope” was organized on dated 28th February 2021.

Aims and Objectives:

- To raise awareness about the need of Organic farming.
- To aware about benefits of Organic farming to environment
- To increases the fertility of the soil without creating any infliction like conventional farming techniques.

Academic Year 2020-21

Name of Program	District Level Online Quiz Competition on World Population Day 2021
Conducting Dept.	Dept. of Economics SSC Motala & Vidarbha College Buldhana.
Date	11.07.2021
Description	World Population Day celebrated in Shree Shivaji College* On the occasion of World Population Day on July 11, a district-level online Quiz competition was organized by the Department of Economics & Vidarbha College Dept. of Economics to raise public awareness about the problem of increasing population. This competition was conducted under the guidance of Principal Dr. Sunil Pandey sir. Considering the Institution of covid-19, this competition was conducted online and 348 students of the district participated in this competition. World Population Day has been celebrated since July 11, 1987, when the population of the world was 5 billion. Today, the preliminary estimate of the world population is 7.9 billion in 2021. If the population continues to grow like this, many problems will arise in the world. Various policies and laws are being implemented. India ranks second in terms of population and seventh in terms of land area in the world. The population of Asia is more than 50% of the total population of the world. Due to the increasing population, the problems of food security, ill health, shelter, pollution, unemployment, crime, education are created. Prof. Purushottam Chate, Head of Economics department of the college, Vidarbha College Dept. of Economics Head Dr.P.D.Hudekar and Prof. Nagesh Gattuwar, Prof. Parag Bramhankar of science department worked tirelessly to make the online competition a success.

Visit report

Industrial Visit to Vidarbha Irrigation Pvt. Ltd. Motala Dist. Buldana

Industry Visited: Vidarbha Irrigation (Manufacturing Sprinklers, Dripper & Pipes Pvt. Ltd)

Director: K. K. Gawande

Date: 10th August 2021

Transportation: Private 4-Wheeler (One)

Students: Total 10 students of (04 Girls + 06 Boys)

Co-Ordinator: Mr. P.R. Chate

Industrial visit is a part of the course, which students visit to companies and get insight of the internal working environment of company. It also provides an insight on how industry work and also useful information related to the practical aspects of the course which cannot be visualized in lectures. In this view, industrial visit was carried out at Vidarbha Irrigation Industry Motala on 10th August 2021 especially for B.A students. The main objective behind the visit was to make students aware about how various activities related to Marketing, Manufacturing, Maintaining & Working are carried out in company.

Mr. Kailas Gawande explained the working of the plant and gave a perceptive presentation related to the working of the plant and its production. He also described the functions, benefits of the product and its presence world-wide. Overall, the activity was highly interactive and learning visit for the students on the concepts related to production and operations within a manufacturing plant.

विषय - १ डिसेंबर जागतिक एड्स दिनानिमित्त रॅली काढणेबाबत....

महोदय,

बरील विषयास अनुसरून आपणास कळवण्यात येते की, दरवर्षी १ डिसेंबर हा दिवस जागतिक एड्स दिन म्हणून राबविण्यात येतो. या दिवसी जनजागृती करिता रॅली काढण्यात येत असते. त्या रॅलीकरिता दरवर्षी आपल्याकडून सहकार्य मिळत असते.

करिता यावर्षीसुद्धा जागतिक एड्स दिनानिमित्त जनजागृतीपर रॅली काढावयाची असल्यामुळे आपल्या विद्यालयाचे सहकार्य आवश्यक आहे. १ डिसेंबर २०१९ रोजी रविवार निमित्त सुटी असल्यामुळे सदर रॅली ही ३० नोव्हेंबर २०१९ रोजी सकाळी ठिक १०-०० वाजता काढावयाची आहे. तरी सदर रॅलीसाठी आपल्याकडून सहकार्य आवश्यक आहे. त्यासाठी विद्यार्थ्यांना वेळेवर उपस्थित करून सहकार्य करावे ही विनंती.

रॅली निघण्याचे ठिकाण - शिवाजी महाविद्यालय, मोताळा समोरून
 रॅली निघण्याची वेळ - सकाळी ठिक १०-०० वाजता.

विषय – युवकांच्या कार्यशाळेसाठी सहकार्य करणेबाबत

महोदय,

युवक बिरादरी (भारत) गेल्या ४० वर्षांपासून ही राष्ट्रीयस्तरावर सांस्कृतिक आणि सामाजिक क्षेत्रात युवकांच्या उत्थानासाठी कार्य करणारी संस्था आहे. युवकांमध्ये सविधानिक मुल्यांची जागृती होण्यासोबतच त्यांना स्वयंरोजगार आणि आर्थिक साक्षरतेची जाणीव व्हावी, तसेच विधायक कार्याकडे त्यांचे लक्ष प्रेरित व्हावे यासाठी युवक बिरादरीच्या वतीने आपल्या महाविद्यालयात २३ ऑगस्ट रोजी दुपारी १ वाजता सदर कार्यशाळा घेण्यास आम्ही इच्छुक आहोत. या कार्यशाळेसाठी युवक बिरादरीचे महासंचालक आशुतोष शिर्के तसेच प्रसिद्ध विचारवंत जयंत माईनकर हे उपस्थित राहतील.

सदर कार्यशाळेसाठी आपणाकडून महाविद्यालयातील सभागृह, विद्यार्थी आणि साऊंड व्यवस्था तसेच चार व्यक्तींचे भोजन व्यवस्था उपलब्ध करून देणे अपेक्षित आहे.

आपल्या सहकार्यांच्या अपेक्षेसह
