Report On- Field Visit**

Date and Venue: 29/07/2023 & Dept. of Zoology, Shri. Shivaji Arts, Commerce & Science College, Motala, Dist. Buldana.

The Department of Zoology, Shri Shivaji College of Arts, Commerce and Science, Motala organized online quiz competition on the occasion of International tiger day. The students of Department of Zoology of Shivaji College actively participated in this quiz competition.

This International Tiger Day, learn more about this critically endangered species and what you can do to help them. But here's the shocking truth; wild tiger numbers dropped by more than 95% since the beginning of the 20th century. To coincide with International Tiger Day, we'd like to invite you to get to know more about this amazing species. Global leaders focus on the tiger during meetings designed to promote a system for protecting and enhancing their natural habitat. Nearly 100,000 tigers roamed Asia a hundred years ago. Today, the estimated number brings the tiger population to fewer than 4,000 tigers in the wild. One of the goals of International Tiger Day is to raise money to help save tigers and increase their population. The Double Tigers Initiative collects about \$350 million every year to help save tigers. The money is spent on investigators and rangers who patrol for poachers. The fund also pays for protection of tiger habitat, studies of their populations and movements, and even sets up thousands of wildlife trail cameras. Tigers are often killed for their skin and their claws and teeth are used to make jewellery. Sadly, people buy tiger whiskers, tiger bone wine, tiger meat, and any medicine that contains tiger derivatives.

To creating awareness among the student department of zoology organize quiz competition on this occasion.

Report on: HIV/AIDS awareness program

A program on AIDS awareness was organized on December 1, 2023 by the Zoology Department of Shri Shivaji Art's, Commerce and Science College Motala in collaboration with National Service Scheme and Red Ribbon Club and ICTC Rural Hospital Motala. The program was presided over by the principal of the college Dr. Gajanan Jadhav sir. Mr. Gajanan Lahase and Mahale sir Counsellor, ICTC Motala, was the chief guide for the program. In his guidance, he gave detailed guidance on the background of HIV/AIDS disease, four main causes of HIV AIDS disease and what care should be taken to stay away from HIV disease.

World HIV Day is celebrated every year on December 1 to raise awareness about HIV infection. The epidemic disease caused by infection with human immunodeficiency virus is known as AIDS. This day was celebrated for the first time in 1988. In 1996, the United Nations took up HIV/AIDS awareness and dissemination at the global level, and in 1997, work on infection, prevention and education began under the Global AIDS Campaign.

After that, World Gates Day was celebrated all over the world. AIDS Day is celebrated to spread awareness about HIV AIDS at the local level. The virus attacks the immune system of the infected person. This makes the body unable to fight common diseases. Interestingly, this disease occurs in three stages: primary stage, medical delay and AIDS. Moreover, you can create an inclusive environment in society to accept people affected by AIDS. In the presidential speech, Principal Dr. Gajanan Jadhav sir advised the students to adopt good habits and behave as a gentleman citizen in the society. Professor Dada Mangate Sir introduced the program and Dr. Arun Gaware sir delivered the vote of thanks. All the teachers and non-teaching staff students of the college were present in large numbers on this occasion.

श्री शिवाजी महाविद्यालयात एड्स जनजागृती कार्यक्रमाचे आयोजन

मोताळा: श्री शिवाजी कला वाणिज्य व विज्ञान महाविद्यालय मोताळा येथील राष्ट्रीय सेवा योजने अंतर्गत रेड रिबन क्लब, आय.सी.टी.सी ग्रामीण रुग्णालय मोताळा व प्राणीशास्त्र विभाग यांच्या संयुक्त विद्यमाने १ डिसेंबर २०२३ रोजी एड्स दिनाच्या निमित्ताने एड्स जनजागृती कार्यक्रमाचे आयोजन करण्यात आले होते. कार्यक्रमाच्या अध्यक्षस्थानी महाविद्यालयाचे प्राचार्य डॉक्टर गजानन जाधव सर होते. कार्यक्रमासाठी प्रमुख मार्गदर्शक म्हणून आय.सी.टी.सी मोताळा येथील समुपदेशक श्री गजानन लहासे यांनी मार्गदर्शन केले. त्यांनी आपल्या मार्गदर्शना मध्ये एच.आय. व्ही.एड्स

आजाराची पार्श्वभूमी, एच.आय. व्ही एड्स आजाराची प्रमुख ४ कारणे व एचआयव्ही आजारापासून दूर राहण्यासाठी कोणती काळजी घेतली पाहिजे याविषयी मार्गदर्शन केले. एच.आय. व्ही संसर्गाबाबत जगभरातील लोकांना जागरूक करण्यासाठी दरवर्षी १ डिसेंबर रोजी जागतिक एड्स दिन साजरा केला जातो. ह्युमन इम्युनोडेफिशियन्सी व्हायरस (Human immuno deficiency viruses : HIV) च्या संसर्गामुळे होणारा साथीचा रोग एड्स (AIDS) म्हणून ओळखला जातो. १९८८ मध्ये हा दिवस पहिल्यांदा साजरा करण्यात आला. १९९६ मध्ये, संयुक्त राष्ट्र संघाने

जागतिक स्तरावर एचआयव्ही / एड्सचा प्रचार आणि प्रसार करण्याचे काम हाती घेतले आणि १९९७ मध्ये जागतिक एड्स मोहिमे अंतर्गत संसर्ग, प्रतिबंध आणि शिक्षण यावर काम करण्यास सुरुवात झाली. त्यानंतर जगभरात जागतिक एड्स दिन साजरा केला जाऊ लागला.

स्थानिक स्तरावर HIV/AIDS बद्दल जागरूकता पसरवण्या करिता एड्स दिन साजरा केला जातो. या आजारात संसर्ग झालेल्या व्यक्तीच्या शरीरातील रोग प्रतिकारक शक्तीवर हा व्हायरस हल्ला करतो. त्यामुळे शरीर सामान्य आजारांशीही लढण्यास असमर्थ ठरते. विशेष म्हणजे हा

आजार तीन टप्प्यात होतो (प्राथमिक अवस्था, वैद्यकीय विलंब आणि एड्स). शिवाय, एड्स बाधित लोकांना स्वीकारण्यासाठी समाजात सर्वसमावेशक वातावरण निर्माण करू शकता. यावेळी महाविद्यालयातील सर्व शिक्षक व शिक्षकेतर कर्मचारी विद्यार्थी मोठ्या संख्येने उपस्थित होते.
